All Body Top to Toe

4 USES: EXFOLIATOR, MOISTURISER, CLEANSER & HAIR SCULPTOR

Contains: Shea butter, Cocoa butter, Calendula infused oil, Pumpkin seed oil, Vanilla Bean essential oil, Vanilla Oleoresin oil and Macrobiotic sea salt. Combination is a soft relaxing Vanilla aroma while cleansing your problem spots and acting as a **light scrub** on your body at the same time as **moisturising**. Leaving your skin feeling supple & nourished longer. **Allow 2 week trial.**

WILL CHANGE DIFFERENT COLOURS IN JAR, NOT PERFORMANCE.

❶ **FOR ALL OVER YOUR BODY** Using spatula scrape out small piece (size of small fingernail) - keep wiping over desired area and **RUB IN FIRMLY**. Amazingly the **oil film** and shine will **disappear**, if you apply too thick will take longer to absorb and your wasting it.

FOR FACE Wipe a small **amount as a thin film** over inside of hands & **apply** by patting gently, **DON'T RUB** - can repeat if dryer skin.

❷ **FOR YOUR LIPS** Simply apply a light film on lips, initially you will feel a slight tingle (the salt acting as a cleanser). Re-apply as you need, leaves a glistening look if not rubbed in.

❸ **FOR YOUR FEET** Scrape out piece **(size of thumbnail)** apply onto soles, heels, toenails and rough spots rubbing in **firmly & vigorously** until absorbed. Wait a **few minutes** to feel results, repeat as needed.
Can by your choice **use pumicestone** or loofah on tough thick areas - just follow our initial instructions, pumicestone area and **re-apply thin film at end**.

❹ **HAIR SCULPTOR** Will act as a "Hair Sculptor" and will give all blonde hair shades including foils a Honey gold tone (**temporary** until you shampoo your hair). Style hair **when dry** in usual way and wipe a thin film all over inside of hands. **Use your fingers** as a comb & rake it through to look separated &/or textured (usually not roots). OK for after hair straightening.

TIPS ON USAGE - Always have clean hands - **NOT** for eye makeup removal. Use our "rosehip oil" for removal of eye make-up. **Use it sparingly!** A little goes a long way. To utilise "Exfoliating Salt" firmly rub for removal of dead skin on body & feet. Should it absorb into any material - will **STAIN.**

STORAGE - The product will Harden in cooler **"WINTER"** temperatures. **"SUMMER"** - Store out of extreme heat (ie locked up in hot car) as will melt, to **re-harden** put in **refrigerator** for a few minutes.
